News 1

The 75th United Nations General Assembly (UNGA) unanimously adopted the Resolution granting 'Observer Status' to the CTI-CFF

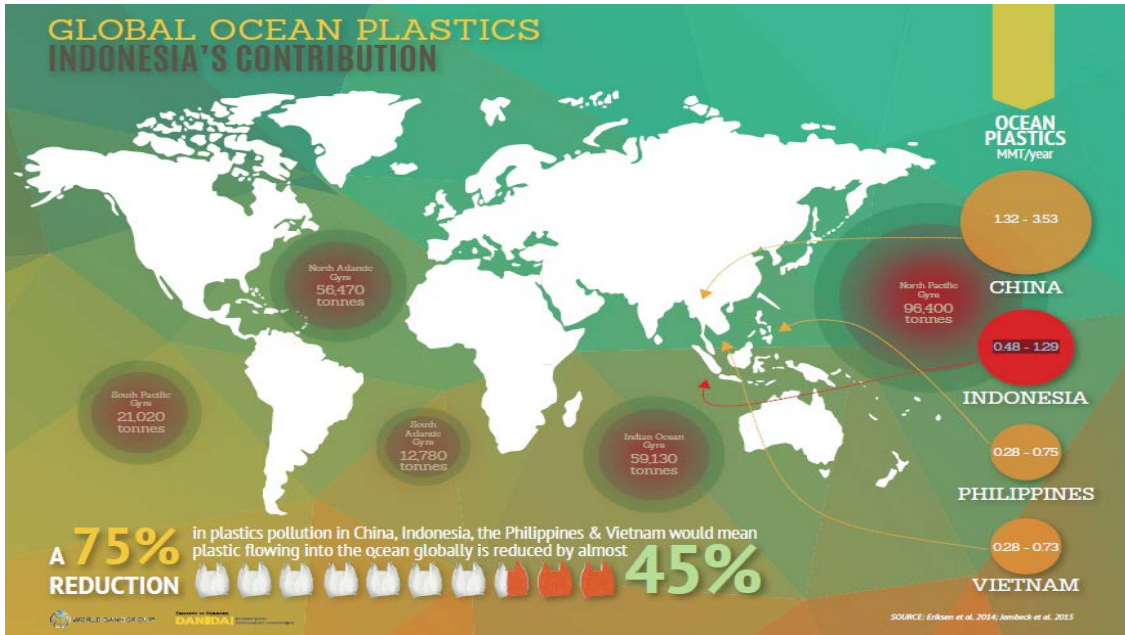

(New York, 28 September 2020) Observer status in the **General Assembly** is the highest recognition received by an organization. This status will enable the CTI-CFF strengthen its public visibility, benefit from worldwide experience, including the opportunity to enhance its capacity-building process, and share a platform with **international community**.

As a young and promising intergovernmental organization, it looks forward to the opportunity to work closely with the **United Nations**. Such closer relations will enable it to make great strides in its march forward and to play its due role at the regional and international levels, particularly with regard to the peoples of its member States.
