12.5.1. Acknowledged to address the capacity support gaps in CT countries to:

12.5.1.1. *Recognized* capacity needs have been identified by all CT countries;

12.5.1.2. *Recognized* that capacity support providers (herein including government agencies, non-governmental technical support organizations, universities and academic institutions) are already providing capacity building support through a range of mechanisms across the region;

12.5.1.3. *Recognized* that some capacity needs are being more thoroughly supported than others; and

12.5.1.4. *Recommended:* capacity support providers make efforts to address the existing gaps in capacity support being provided, as identified in the assessment.

12.5.2. Agreed to broaden the utilization of effective capacity building mechanisms across the region to:

12.5.2.1. *Recognized* a range of capacity building mechanisms exist and are being utilized within the CT region;

12.5.2.2. *Recognized* that broadening the utilization of mechanisms to reach wider audiences and enable different learning formats and conditions is conducive to promoting wider capacity building opportunities and options for MPA related practitioners in the region;

12.5.2.3. *Recommended:* that capacity providers broaden their conceptions of best-fit mechanisms to meet practitioners’ needs and utilize wider mechanisms where possible, appropriate; and

12.5.2.4. *Recommended:* that institutions work to remove existing obstacles to the effective utilization of mechanisms where they exist; for example,
revisiting the standardized staffing placement protocols active in government agencies that inhibit effective staff secondments and mentoring opportunities between MPA sites.

12.5.3. Supported the establishment of a system to enable countries to inform capacity providers of their priority MPA capacity building needs annually to:

12.5.3.1. *Recognized* the importance of prioritizing capacity needs and capacity provision, to target priority skills building, and reduce redundancy and duplication of capacity building efforts;

12.5.3.2. *Recommended*: the MPATWG as a potential platform through which countries may prioritize their capacity building needs annually; and

12.5.3.3. *Recommended*: the CTI-CFF Regional Secretariat, with support from CTC, takes responsibility for then disseminating these prioritized needs to the capacity providers.

12.5.4. Supported the development of a process to systematically capture data on how capacity needs for MPAs are being met in the region to:

12.5.4.1. *Recognized* the importance of building on this assessment and developing a systematic process to capture information about capacity building efforts being implemented across the region;

12.5.4.2. *Recommended*: the MPA TWG annually request countries to collate summary information on capacity building activities that have been conducted in their countries (addressing which need, and delivered by which provider) for regular updating of information; and

12.5.4.3. *Recommended*: the CTI-CFF regional secretariat, with support from CTC, coordinate the collation and updating of the regional information annually.
12.5.5. Agreed to replicate this assessment approach for the remaining four goals for the CTI-CFF RPOA to:

12.5.5.1. *Recognized* that assessing the capacity building status for Goal # 3 (MPAs) is only one incremental step in assessing the capacity building status for all five RPOA goals;

12.5.5.2. *Recommend*: the remaining four goals be assessed using a similar methodology and approach, to develop the full technical series of assessments, as already mandated in SOM-11.

12.5.6. Acknowledged the Marine Environment Education Program (MEEP) Mahonia Na Dari (MND) “Guardian of the Sea” Program as a potential CTI Youth Program mechanism;

12.5.7. Acknowledged the Ocean for Life Program as a potential CTI Youth Program mechanism; and
